*** Project Title**

Additional Park Benches

*** Project Description**

Hurricane City Parks Department would like to add additional benches to some of our most heavily used parks.

* Project Merit

Hurricane City Parks Department believes that our continued effort to see areas of improvement and make these changes will make our continued goal of great customer service evident to Hurricane City residents. We have seen a need for more benches and by making these small improvements our parks continue to become better each year instead of becoming old and run down.

* Beneficiaries

Hurricane City Parks department believes that anyone using the parks will be able to benefit from the use of additional benches for both relaxing and also for convenience.

* Long Term Benefits

Hurricane City Parks department hopes to keep our parks clean and beautiful by providing an ample amount of places for people to sit, while enjoying our parks.

* Total Project Budget

6519

* Total RAP Tax Requested

6519

Other Funds for the project.

N/A

* Detailed Budget

Price for 10 benches $5,630
Price for shipping $889
Installation will be done by Parks Department employees
Total Project Budget $6,519

* Recognition

In the past we have acknowledged the allocation of RAP Tax funds, to the Parks department, through posts on the city's website and our own website. We have also installed plaques that state where the funding came from on the completed project when able. We will continue to follow this course or action with this project.

* Projected Start Date

2020-07-01

* Projected End Date

2020-11-01

* Timeline

As soon as the funds are made available we will be ordering the benches. We will install them as soon as they arrive and our schedule permits.

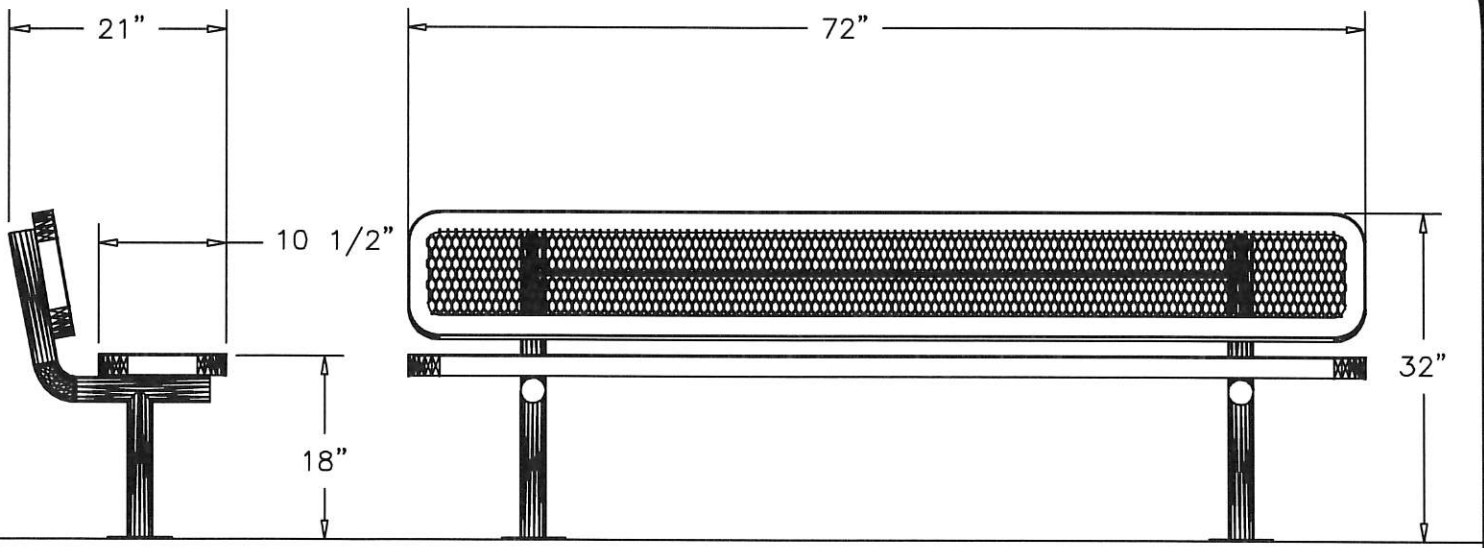
Please take the time to locate and identify each part. Assemble the units on a smooth flat surface. It is also helpful to lay the tops and seats on cardboard or a drop cloth to prevent scratching of the surface during assembly. All parts have been pre-cut and pre-drilled for ease of assembly. All holes are slotted to allow for easy assembly and for final levelling of tops and seats to frames. Fully assemble all parts without totally tightening nuts and bolts. After all assembled go back and retighten nuts to bolts. DO NOT OVER TIGHTEN NUTS TO BOLTS. Over tightened nuts can crack the plastisol coating. All the necessary quantities of parts required are listed in this assembly instructions.

DO NOT BEGIN ASSEMBLY UNTIL YOU HAVE READ THESE INSTRUCTIONS AND ARE FAMILIAR WITH THE PARTS.



SPECIFICATIONS

6' POLY VINYL EXPANDED METAL BENCH WITH BACK. ALL CORNERS ARE ROUNDED. FRAME IS SURFACE MOUNT DESIGN.

COATED WITH A 1/8" TO 1/4" THICK PLASTISOL ULTRAVIOLET STABILIZED VINYL COATING FUSED AND BAKED TO A 90% GLOSS.

SEAT HEIGHT IS 18" APPROXIMATELY, BENCH HEIGHT IS 32" APPROXIMATELY. TOTAL OVERALL DIMENSIONS ARE 72" X 21" APPROXIMATELY.

SEATS ARE MADE FROM 3/4" #9 EXPANDED METAL INSIDE A 2" X 2" X 1/8" ANGLE IRON FRAME. ALL CENTER BRACES ARE MADE FROM 1/4" X 1 1/2" FLAT STEEL.

FRAMES ARE MADE OF 2 3/8" HEAVY GALVANIZED STEEL TUBING THAT IS GALVANIZED INSIDE AND OUT AND MEETS OR EXCEEDS YIELD AND TENSIL OF SCH. 40 PIPE. CONSTRUCTED SO AS TO PROHIBIT RAIN WATER FROM COLLECTING AT GROUND LEVEL. COATED WITH A BAKED ON POLYESTER POWDER COAT FINISH.

ALL HARDWARE IS NON-CORROSIVE.
WEIGHT FOR THE B6WBRCSM IS 113 LBS.

MAINTENANCE

To maintain luster it is recommended to wash, rinse, and dry the units after prolonged use. Check for loose bolts and nuts and tighten as needed. Contact the factory for genuine Webcoat part replacements if needed.

*** Project Title**

Support for new Box Office with Elevator and Conference Room

* Project Description

Tuacahn Center for the Arts would like to respectfully request funding to be used for construction of a new Creative Center on the Tuacahn campus. This building consists of a new Box Office, an elevator, office space for our Marketing and PR teams, as well as an executive board room that we are going to name after Tuacahn's beloved founder and friend, Hyrum W. & Gail Smith. This project begins in January of 2020 and is expected to be completed by the end of May 2020.

We are grateful to Hurricane City for their continued support of Tuacahn and for your consideration of this grant request. If granted, funding for this project would be used toward construction costs for this new space, including construction materials, architectural plans, necessary equipment, construction labor, and other necessary things to complete this structure.

I have included a link here that shows a fly-through of this project. https://youtu.be/ZFmhtH8-uwc

* Project Merit

This new structure will give our patrons a much smoother, easier, and more enjoyable experience here at Tuacahn. The elevator will be a great option for those with accessibility issues, eliminating the need for golf cart usage to transport patrons to the plaza level. The Box Office is also centrally located between both our outdoor amphitheatre and indoor Hafen Theatre, making it easier for visitors to retrieve their tickets and walk to their respective performance. In addition, the new executive boardroom to be named for Hyrum W. & Gail Smith will not only be used internally by our Board of Directors and our creative teams, but will also be a space for our VIP patrons to utilize and enjoy a VIP experience.

Patrons that visit Tuacahn travel from both out of state and from northern Utah, and stay in the community's hotels, eat at local restaurants, and participate in local activities, which makes the economic impact Tuacahn brings to Washington County almost $100,000,000, second only to Zion National Park. We are pleased we get to be an asset to southern Utah and a destination for many.

* Beneficiaries

Tuacahn has become a destination spot for tourists and locals alike. Tuacahn served 300,000 patrons during our 2019 season, and statistics show that while 30% come from the Greater Zion area, 20% come from out of state and 50% visit from northern Utah.

Additionally, Tuacahn welcomes anyone and everyone who wishes to enjoy and be uplifted by musical theatre in our red rock canyon. Attendees primarily consist of families with children, but also retirees, grandparents, young couples and tourists, especially those who appreciate live theatre.

* Long Term Benefits

Building this new structure will greatly improve all Tuacahn's patrons' experience. This, in turn, will increase the number of attendees to Tuacahn, as those unable to attend previously due to accessibility issues and their families will now be able to enjoy our performances. As this happens, it will naturally increase the number of visitors that travel to and stay in our community's hotels, dine in local restaurants, and participate in local activities and events and everything our southern Utah cities have to offer.

Additionally, as we continue to grow, the longer we will be able to be an asset to the community and contribute to our local economy. We are grateful we get to be a part of the southern Utah arts community and uplift all who attend, and we appreciate Hurricane City's support as we strive to continue fulfilling our mission.

* Total Project Budget

$1.8 million

* Total RAP Tax Requested

$10,000

Other Funds for the project.

N/A

* Detailed Budget

Attached is a detailed budget for this project, and below are the sources of local and private donations received and committed for this project.

LOCAL AND PRIVATE DONATIONS

$300,000 - George S. & Dolores Doré Eccles Foundation
$300,000 - Sorenson Legacy Foundation
$300,000 - Larry H. & Gail Miller Foundation
$115,000 - Local Government Funding (Cities, Counties)
$50,000 - L. Douglas & Marian B. Smoot
$50,000 - Fred & Anne-Marie Lampropoulos
$225,000 - Tuacahn Funding and/or Other Private Contributions
$450,000 - Requested Utah State Legislature Funding
$1,800,000 TOTAL Project Cost

* Recognition

On this new building, we will be placing two important plaques - one on the outside of the box office, and one inside the new Hyrum W. & Gail Smith Conference Room. These plaques will include all of the major contributors to this building, and we would be honored to show our appreciation for Hurricane City by including your city on these plaques.

Additionally, we will recognize Hurricane City as a major contributor to Tuacahn in our playbills (at least 250,000 are printed annually) as well as on our website, which is viewed by at least 1,000,000 individuals each year.

We appreciate Hurricane City and your consideration of this grant, thank you for all you do to support Tuacahn.

* Projected Start Date

2019-12-20

* Projected End Date

2020-06-01

* Timeline

Preliminary project planning began the end of December 2019, with construction of the project starting in January of 2020. Expected completion of the project is set for the end of May or the very beginning of June 2020.

Dear Sir or Madam:

This is in response to your request of October 20, 2006, regarding your organization's tax-exempt status.

In March 1992 we issued a determination letter that recognized your organization as exempt from federal income tax. Our records indicate that your organization is currently exempt under section 501(c)(3) of the Internal Revenue Code.

Our records indicate that your organization is also classified as a public charity under sections 509(a)(1) and 170(b)(1)(A)(vi) of the Internal Revenue Code.

Our records indicate that contributions to your organization are deductible under section 170 of the Code, and that you are qualified to receive tax deductible bequests, devises, transfers or gifts under section 2055, 2106 or 2522 of the Internal Revenue Code.

If you have any questions, please call us at the telephone number shown in the heading of this letter.

Sincerely,

Janna K. Skufca

*** Project Title**

Park Reservation Boxes

*** Project Description**

Hurricane City Parks department would like to purchase and install six new reservation boxes at sites that do not have them. We have installed these in the past and have found them to be very helpful with the reservations of pavilions and stages at our parks. We have a few sites that still need them and if we are given the money requested we will be able to have them at all of our sites.

*** Project Merit**

We want to make reservations viewable by the people who made the reservation and also by anyone else who may want to use a certain site and don't know if it is reserved. Having these in place will help with confusion on availability of pavilion and stages.

*** Beneficiaries**

Anyone who reserves a site at one of our parks will have the reservation clearly visible if there are any conflicts about the use of that site.

*** Long Term Benefits**

This addition helps to take any guess work out of the planning for a gathering. It is really nice for people who have paid to use a site to have actual proof that they are the ones scheduled to use it.

*** Total Project Budget**

$3,423

*** Total RAP Tax Requested**

$3,424

Other Funds for the project.

none

*** Detailed Budget**

Purchase of boxes	$3198
Shipping	$226
Total	$3,424

*** Recognition**

In the past we have posted on our Facebook page and the city website the fact that we were able to do certain progects because of RAP Tax funding. We are planning on doing that with this project.

*** Projected Start Date**

2020-07-01

*** Projected End Date**

2020-09-01

*** Timeline**

As soon as the funds are made available we will order the boxes. As soon as they arrive ,we will schedule a time to get them installed.

*** Project Title**

Engineering and Construction Drawings (Veterans Memorial)

*** Project Description**

Hurricane City Parks Department would like to move forward on the engineering and construction drawings for the proposed Veterans Memorial Park. After being awarded $10,000 towards this project last year, we are asking for the remaining $14,000 to fully fund this project.

* Project Merit

The Hurricane City Parks Department would like to build this Memorial Park to honor our veterans, both past and present, who have served. We would like to show them the same honor and respect that they showed through their selfless service in the United States Armed Forces.

* Beneficiaries

This park will be a place for the family and friends of veterans and active duty personal, to come and pay their respects to the men and women who have served, and still serve today.

* Long Term Benefits

Many of our own have served and died in wars. Sometimes in our modern technical age we forget about what and who have been sacrificed to get to where we are today. I think that it is our responsibility to respect the past generations and teach the future generations what true love of country and giving of self sacrifice is.

* Total Project Budget

$24,000

* Total RAP Tax Requested

$14,000

Other Funds for the project.

$10,000 from previous years RAP Tax allocation

* Detailed Budget

Previously allocated RAP Tax monies $10,000
Requested funds $14,000

Total cost of engineering and construction drawings $24,000

* Recognition

In the past we have posted on our Facebook page and the city website the fact that we were able to do certain projects because of RAP Tax funding. We are planning on doing the same thing with this project. Also we will install a placard in the finished park to acknowledge the funding sources that were used to complete the park.

* Projected Start Date

2020-07-01

* Projected End Date

2020-12-01

* Timeline

As soon as the funds are awarded to us we will be getting with the engineer to get going on the plans.

*** Project Title**

Dixie Springs Playground Shade Structure

*** Project Description**

The Hurricane City Parks Department would like to purchase and have installed three shade structures to cover the playground at Dixie Springs Park.

*** Project Merit**

During the summer the playgrounds get very hot to the touch in parks that do not have large trees in them. We would like to follow the industry standard and install these structures so that the playground are safe and usable throughout the whole year.

*** Beneficiaries**

Installing these structures will make the playground usable throughout the summer even in the heat of the day. Any resident of the City that wants a cool place for their children to play will benefit from the install of these structures.

*** Long Term Benefits**

Hurricane City Parks department would like to not only maintain our parks at the level they were constructed but we hope to continue to improve our parks as we see the need and the products become available. In doing this it encourages the public to continue to use and enjoy our parks.

* Total Project Budget

$59,045

* Total RAP Tax Requested

$59,045

Other Funds for the project.

none

* Detailed Budget

Purchase of three shade structures	$22,445
Freight	$4,500
Installation	$32,100
Total project budget	$59,045

* Recognition

In the past we have acknowledged the allocation of RAP Tax funds to the Parks department through posts on the city's website and our own website. We have also installed plaques that state where the funding came from. We will continue to follow this course with this project.

* Projected Start Date

2020-07-01

* Projected End Date

2021-03-01

* Timeline

If we are awarded the monies to get this project done, we will be ordering the structures shortly after the funds are allowcated. After the product is ordered we are constrained by the mainufactoring and shipping companies timelines. With that being said we will aim to have the structures completed before the summer of 2021.

*** Project Title**

Dog Park Amenities

*** Project Description**

Hurricane City Parks Department would like to purchase and install an interactive play system for dogs at the Hurricane City Dog Park. This system will make a great addition to the park. It engages the dogs and the owners in training and agility activities. The system has balancing, climbing, weaving, and jumping features. We think this is something that many people, and their dogs, will enjoy.

*** Project Merit**

We hope to encourage the use of our dog park and to have something that keeps the owners and their dogs occupied while they are enjoying our parks.

*** Beneficiaries**

Anyone that uses the park will have the opportunity to benefit from these additional features.

* Long Term Benefits

As we continue to improve our parks we hope to give the citizens the sense of having something worth taking pride in and taking care of. We want to have nice, new, and well maintained parks so that the citizens of Hurricane have great places to enjoy.

* Total Project Budget

$7,705

* Total RAP Tax Requested

$7,705

Other Funds for the project.

none

* Detailed Budget

Play system $5,830
Freight $1,875

Total budget $7,705

* Recognition

In the past we have acknowledged the allocation of RAP Tax funds to the Parks department through posts on the city's website and our own website. We have also installed plaques that state where the funding came from. We will continue to follow this course with this project.

* Projected Start Date

2020-07-01

* Projected End Date

2020-10-01

* Timeline

We will purchase the play system shortly after the funds are made available. We will schedule the installation of the system as soon as time permits. The Parks Department will be doing the install with the possibility of getting help from some of the rescue organizations around the area.

*** Project Title**

LED conversion for pickle ball lights

*** Project Description**

The Hurricane City Parks department is wanting to remove the outdated halogen light heads, at the pickle ball courts, and replace them with LED heads.

*** Project Merit**

With the introduction of LED lighting our lights have become obsolete. We are finding the replacement parts almost impossible to find and in some instances we are having to retrofit parts in order to make them work. If we switch these light heads out to LED we will be eliminating this issue for years to come. We also see this project as a way to save a significant amount of power used by the lights.

*** Beneficiaries**

Anyone who uses the courts after hours will benefit from the up to date and more reliable lighting solution.

*** Long Term Benefits**

The long term benefits of this expenditure is the continued savings for maintenance and lower monthly bill for the power usage.

*** Project Title**

Dixie Springs Dog Park Pavilion

*** Project Description**

Hurricane City Parks Department would like to purchase a 15' pavilion, from FX Industries, to be installed at Dixie Springs Dog Park.

*** Project Merit**

We are trying to encourage the residents of Dixie Springs to start to use the dog park for walking their dogs. As we continue to make improvements we are hoping to continue attracting residents to use the dog park instead of the regular park.

*** Beneficiaries**

When we install a gazebo it will benefit anyone who uses the dog park and wants a shady place to sit.

*** Long Term Benefits**

We hope to continue to improve our parks so that they are appealing to the citizens of Hurricane City. Improvements are a great way to show the residents that we care about the upkeep of our parks.

*** Total Project Budget**

$6,750

* Total RAP Tax Requested

$6,750

Other Funds for the project.

none

* Detailed Budget

15' pavilion $5,250
Concrete pad $1,500

Project total $6,750

* Recognition

In the past we have acknowledged the allocation of RAP Tax funds to the Parks department through posts on the city's website and our own website. We have also installed plaques that state where the funding came from. We will continue to follow this course with this project.

* Projected Start Date

2020-08-01

* Projected End Date

2020-11-01

* Timeline

As soon as we are awarded the monies for this project I will be working with Will to get the pavilion built and installed. I would imagine that the whole project should take less then three months.

*** Project Title**

Pioneer Park Sign

*** Project Description**

Pioneer Park is the oldest park in the city but it has never had a sign. We would like to have a sign installed on the corner of Main Street and 200 N. with the name and address of the park on it.

*** Project Merit**

The Hurricane City Parks department installs signs, like the one proposed, at all of our new parks. We think that it is a shame that the oldest park in town has never had a sign. Many people in town don't even know that it is named Pioneer Park. We also hope to remove any confusion that emergency responders and park users may have if an emergency situation were to arise.

*** Beneficiaries**

The Citizens of Hurricane City.

* Long Term Benefits

The addition of a park sign will bring some new life to this older park. We want to keep working to make sure that our parks are updated, to our currant standards, no matter how old they are.

*** Project Title**

Hurricane City Cemetery Information Kiosk

*** Project Description**

Hurricane City Cemetery would like to install a information kiosk under our existing pavilion to help with locating graves and providing information. This kiosk will consist of both names of persons buried in our cemetery along with a map for locating their burial plot.

* Project Merit

Hurricane City Cemetery continues to grow each year. With this growth the ability to locate graves, by friends and family of the deceased, is getting more and more difficult. We would like to make finding and visiting graves easier by providing accurate information in an easy to understand format.

* Beneficiaries

Hurricane City Cemetery believes that having this information available will benefit both local residents along with friends and family visiting the area who may not be familiar with the cemetery.

* Long Term Benefits

This project will help anyone who is visiting the cemetery quickly and accurately find the grave of whoever they are looking for. It will also make so that there is not so much time needed, by an actual cemetery worker, to answer questions.

* Total Project Budget

$4,479

* Total RAP Tax Requested

*** Project Title**

Replace baseline fencing on field #2

*** Project Description**

Hurricane City Parks Department would like to replace the baseline fencing on field #2. Over the years it has become a safety hazard due to its disrepair and abuse.

*** Project Merit**

We would like to accomplish two things with this project. First we want to make our fields safe for anyone who uses them. Second we want to make our fields look presentable and in good repair.

*** Beneficiaries**

Anyone who uses the fields has the benefit of enjoying a safe and well maintained park. The City also benefits from these repairs by removing some of the liability that a damaged fence puts on us.

*** Long Term Benefits**

By maintaining our parks and correcting any safety issues that we find we are making a safer environment for everyone to enjoy.

*** Project Title**

Backstop for field #2

*** Project Description**

Hurricane City Parks Department would like to remove the existing backstop on field #2, that is old and dilapidated, and replace it with a stronger wire and new stronger poles. We also would like to cement poured along the bottom of the poles, just like fields 1 and 3, to help make a clean and safe transition from the dirt to the fencing material.

* Project Merit

The existing backstop is damaged beyond repair and posses a safety concern for both the players and the fans. Replacing the backstop will help to ensure that the city is not held liable for any injuries at the ball fields.

* Beneficiaries

Citizens of all ages will benefit from having a safer place to enjoy family fun.

* Long Term Benefits

Lower liability, nicer looking fields, and better ability to play safely on field.

* Total Project Budget

$14,916

* Total RAP Tax Requested

$14,916

Other Funds for the project.

none

* Detailed Budget

Fencing	$10,700
Concrete	$4,216
Total budget	$14,916

* Recognition

In the past we have acknowledged the allocation of RAP Tax funds to the Parks department through posts on the city's website and our own website. We have also installed plaques that state where the funding came from. We will continue to follow this course with this project.

* Projected Start Date

2020-10-01

* Projected End Date

2021-01-01

* Timeline

With the baseball schedule and the tournament that we know have we would like to start this project the beginning of October and I would think we would easily be able to have it completed by the first of the year. The only reason I am giving such a long project timeline is because of how busy contractors are in the current economy. The actual time may be significantly shorter when we actually get going on it.

*** Project Title**

Cycle Class (Spin Class)

*** Project Description**

I would like to get 10 commercial indoor stationary bikes with magnetic gears which offer minimum to no maintenance for long-lasting enjoyment

*** Project Merit**

I strongly believe adding a cycle class to the Hurricane City Group Fitness program will appeal to many new faces and allow growth. It will add balance to the schedule with cardio and resistance classes.

* Beneficiaries

A cycle class is a fantastic option for all levels of fitness and can easily include Men/Women/Teens. It is a class that can be modified by each individual all throughout the class allowing the participants to leave class feeling accomplished that they endured throughout class. It's very difficult to compare to the person next to you on a bike and worry if you are keeping up.

* Long Term Benefits

Indoor cycling has been around for a long time(not a fad piece of equipment). Many gyms that offer it are at full capacity within a cycle class. Locals can have an affordable option to attend a class they can do just starting out on their health and wellness journey.

Stages Cycling SC1 Indoor Cycle Bike - $15299.90 ($1,529.99 p/bike)
Shipping- Free

https://www.bikebling.com/Stages-Cycling-SC1-Indoor-Cycle-Bike-p/stages20-sc1.htm?gclid=CjwKCAjwgbLzBRBsEiwAXVIygD3YMBDAzIJqCm9PP4xtczr7Asf2UHuixicvExbbXabP2avvpJKhLRoCXXUQAvD_BwE&Click=120514&utm_source=googlebase&utm_medium=shoppingengine

Stages cycling indoor bikes were represented at the Utah Recreation & Parks Association Conference this month. They will deliver and offering training to instructors as well.

Stages Cycling SC1 Indoor Cycle Bike: Boasting a solid steel frame with a focus on stability, the SC1 bike is designed to emulate the noticeably smoother feel of freshly cured asphalt that every cyclist yearns for. Ergonomically built and engineered for simplicity and function, the SC1 can be upgraded with the Stages Power meter and a standard battery-powered console. The SC1 is our entry-level bike, but still offers premium features, and is the perfect bike for the high-end studio that is not focusing on data tracking or measurement.

* Recognition

Signs in the Spin Room with RAP Tax Logo. Information put on RAP Tax Webpage, Social Media recognition

* Projected Start Date

2020-07-01

* Projected End Date

2020-08-30

* Timeline

If we get the rap tax we will proceed with ordering indoor cycling bikes. It shows it will ship in 3 days. Once we have the bikes and the instructors are trained we will advertise and add it to the group fitness schedule immediately.

*** Project Title**

Hurricane Pump Track Expansion

*** Project Description**

The current pump track needs to have another loop for safety and for more kids to be able to use. This request is to add a larger section to the already existing portion. The request is to also add some skateboard specific pieces.

*** Project Merit**

Kids use the current skate park on a daily basis. It can be dangerous when just a couple of kids get on it. The goals are to create a place where kids can come and recreate in a fun and safe environment. We had some issues in the beginning but when we started to police and inform kids about the rules things got safer and better for more kids and families to participate.

* Beneficiaries

We are seeing 30-50 kids per day using the track.

* Long Term Benefits

This pumptrack has proven to be a great benefit to the community. It has kept kids active and provided a unique opportunity to recreate in a new and trendy way. We are hoping to make an event out of it and have competitions for speed, tricks, and techniques.

* Total Project Budget

$26,437.46

* Total RAP Tax Requested

$26,437.46

Other Funds for the project.

(No response)

* Detailed Budget

See Attached

* Recognition

There will be the standard Rap Tax sign, with a grand reopening celebration. It will also be posted to the RAP Tax webpage.

* Projected Start Date

2020-07-01

* Projected End Date

2020-08-01

* Timeline

We hope to order the pieces by July 1 and have them onsite by August 1.

*** Project Title**

Skate Park Specific Pieces

*** Project Description**

The Pro Ops are designed with input from pro skaters and bear the signature of the pro that has endorsed it. This request is for the purchase of commercial-grade specific skate park pieces that would complement the existing pump track.

Each of these pieces has professionally been designed by PRO skateboarders and then manufactured with a reputable skateboard company.

https://www.youtube.com/watch?v=IKtATOFEt9Q
https://www.youtube.com/watch?v=KK-ek1JypGU

* Project Merit

The pump track we purchased last year was a great addition to the community but it is not a favorite of the skateboard community. They are looking for more specific pieces that they can grind, slide and jump off of.

* Beneficiaries

Our target demographic is the teenage population that we aren't currently serving. On a daily basis, we have between 30-50 kids at the downtown skate park.

* Long Term Benefits

These pieces will keep kids out of trouble and allow them a place where they can practice their tricks and competitions in an area that they won't be arrested or trespassed.

Each of these pieces can also be relocated the future park or other areas based upon demand.

* Total Project Budget

$21,650

* Total RAP Tax Requested

$21,650

Other Funds for the project.

There are funds from a previous rap tax of about 15000 that was supposed to be used for constructions drawings for the permanent park but we are probably at least 5-7 years away from that.

* Detailed Budget

1- DIY Spine - $3,900
2- Coaster - $3,950 x 2
3- Concrete planter - $2,950
4- Sofa - $2,950
5- Kicktail - $3,950

I have listed the order of importance if we only get a few pieces.

* Recognition

There will be signage put up near the skate park, there will be grand reopening of the area recognizing the city of the project and the funds coming from RAP Tax.

* Projected Start Date

2020-08-01

* Projected End Date

2020-08-30

* Timeline

We hope to have these pieces put in place to incorporate into peach days and other fall events.

Please upload any supporting documents

The Pro Ops are designed with input from pro skaters and bear the signature of the pro that has endorsed it. For more info, check out our videos of the ramps being ridden by the pro skaters at www.americanrampcompany.com.

"I am so stoked to be a part of what ARC is pioneering with these new Pro Ops obstacles. This is something that has truly never been done before. These obstacles are totally unique. They're so attractive, eye catching and fun to skate. It's going to draw a lot of attention from the skate community and I think every skater is going to be stoked on these obstacles. These obstacles are going to add a lot of character to skate parks."

Red Rock Stage Curtains

*** Project Description**

Currently, in the red rock in the community center, there are curtains that are ripped on one of the sides

*** Project Merit**

We use this stage curtain for Christmas tree festivals, private concerts, rentals. We close the curtains to hide the storage and the backstage.

* Beneficiaries

General public. The current curtains are torn and tattered and pieced together with bits and pieces

* Long Term Benefits

The new curtain would allow us to use the stage more and it would make the room look more professional.

* Total Project Budget

$1820

* Total RAP Tax Requested

$1820

Other Funds for the project.

(No response)

*** Project Title**

Youth Mountain Biking Program

*** Project Description**

HREC Mtn. Biking is an instructional program designed to engage young people, ages 8 & Up, in mountain biking. HREC Mtn. Biking leaves no kid on the sidelines. cyclists of all abilities are celebrated and invited to participate. Basic Mtn. bike instruction on a weekly basis by trained local bike enthusiasts. This program will involve local high school Mtn. Biking club and provide leadership opportunities to serve up and coming youth mountain bikers.

* Project Merit

Cycling provides a positive focus for youth, develops self-esteem, provides kids with a strong sense of community, and introduces them to a healthy active lifestyle. The program teaches off-road skills through drills, games, and fun activities; while tracking individual progress. We will be using local trails and local parks to teach the skills.

* Beneficiaries

Youth Mtn. Bike Program
Kids ages 8 & Up. Male and Female.

Parent & Kid Mtn. Bike Program
Parents and kid, mountain biking is one of the few activities you can physically DO WITH your children. Rather than just driving them to the rink and watching you can actually participate with your children and experience the excitement of mountain biking right along with them. You will connect with your children on a very real and meaningful level while rediscovering the child within yourself.

* Long Term Benefits

Teaching four skills areas for cycling: Safety, Etiquette, Riding Skills, and Bicycle Maintenance.
Everyone participates. No one sits on the bench.
Leaders are trained to instruct, evaluate, and encourage young riders.
Teaching life skills - goal-setting, problem-solving, decision making.
Using cycling to develop a healthy, positive attitude and teach learning as a lifelong activity.
Promote positive values - respect for others, empathy, appreciation, community, and responsibility for the environment.

* Total Project Budget

$8748

* Total RAP Tax Requested

$8748

Other Funds for the project.

$1000-$1500

* Detailed Budget

Rocky Mountain Soul 10 - $699 - 8 bikes - $5592
Rocky Mountain Soul Jr. - $589 - 4 bikes - $2356
Extra Parts - Tubes, pedals - $ 800
All bikes will be purchased locally through Over the Edge Sports

$1000-$1500 from private donors/sponsors

Participants will pay a $50 fee to be a part of the program. Bikes will only be checked on a daily basis when the program is going on. No bikes will be sent home. If there is damage participants will pay for the damage with a signed waiver stating they are responsible for the bike. Bikes will be professionally maintained on a regular basis.

At $50 a kid x 12 kids per season x 2 seasons = $1200. It would take us approx. 3.5 years to recoup costs

* Recognition

Each bike will have RAP tax sticker and the website will reflect that the program is paid for by the tax. Posters and Flyers will have RAP logos.

* Projected Start Date

2020-09-01

* Projected End Date

2020-09-30

* Timeline

We want to roll this program out as a Fall and Spring program for 2020 and 2021.

*** Project Title**

Theatre Lighting Equipment

*** Project Description**

Lighting Equipment for the Hurricane Fine Arts Center.

*** Project Merit**

To continue to update the HFC lighting equipment and ability.

* Beneficiaries

The beneficiaries of this project is anyone who steps into the Hurricane Fine Arts Center and enjoys any presentation in the theatre.

* Long Term Benefits

This equipment will ensure many years of lighting for the many many presentations that are held in the Theatre space. New and updated lighting fixtures last a minimum of 50,000 hours as compared to a 20 hour average life of a conventional fixture's lamp life.

* Total Project Budget

$23,000

* Total RAP Tax Requested

$23,000

Other Funds for the project.

N/A

* Detailed Budget

6 - Chauvet Maverick MK1 Spot @ $3, 800/per
12 - DMX data cables @ $200

* Recognition

We will have the RAP Tax logo on all advertising for HVTC productions and signage recognizing RAP Tax throughout the building.

* Projected Start Date

2020-06-01

* Projected End Date

2020-07-01

* Timeline

As soon as funds are approved and dispersed, fixtures will be ordered and installed.

*** Project Title**

New Curtain and Valance for the Red Rock Room in the Community Center

*** Project Description**

We would like to purchase a new curtain and valance for the Red Rock Room.

*** Project Merit**

The current curtain is probably as old as the building which is probably 1950'sish. It has many holes and is probably way past the code of fireproof. It is ugly and is being held together in some spots by safety pins It is also definitely out of code as far as being fireproof.

* Beneficiaries

The whole city benefits from a new curtain. The Red Rock Room is used almost daily for the Hurricane Community Center tumbling program. Kids and parents go in the room and it is an eyesore. During Peach Days and our Christmas Tree Festival the visitors from the whole county come in the room and can view the curtain which is embarrassing. We can all benefit from a new curtain.
The kids who take tumbling classes also need to stay off the stage during classes. The curtain is pulled to keep them off the stage, however with huge holes, it is more of a "see if you can jump through the hole" type of curtain. So, could be more of a safety issue.

* Long Term Benefits

We would continue to use the theater curtain throughout the years as we hold tumbling classes, have rentals in that room, put on Peach Days, Christmas Tree Festival and other events.

* Total Project Budget

1,950.00

* Total RAP Tax Requested

1,950

Other Funds for the project.

n/a

* Detailed Budget

$1820 for the curtain and valance and around $100 or so for the shipping. That will be decided when they make the curtain and weigh it. For this reason I am requesting $1950 to pay for whole item with shipping.

* Recognition

We will post a RAP Tax logo/sign in our Red Rock Room to show recognition of funds.

* Projected Start Date

2020-07-01

* Projected End Date

2020-08-01

* Timeline

We will order the theater curtain and valance as soon as funds are available. When the curtains come in we will be hanging them immediately! They will be up and ready for Peach Days!

HVTC Production Rights, Music, & Advertising

*** Project Description**

Production rights, musical recording accompaniment tracks and advertising monies for the HVTC 2021 & 2022 season of shows.

*** Project Merit**

This will aid HVTC with a chunk of production costs and enable us to begin making profit in order to roll monies back into these same budget areas and become a self-sufficient wing of the recreation dept.

* Beneficiaries

The beneficiaries are the patrons who continue to support our productions and future patrons. Our goal is to continue seeing more Hurricane Valley residents attend our productions.

* Long Term Benefits

This will ensure the longevity of our productions for the Hurricane Valley. The high quality theater we bring, we hope, instills artistry and creativity in those who participate and spectate our shows.

*** Project Title**

New Music for the Hurricane Valley Symphony

*** Project Description**

We would like to order music for the Hurricane Valley Symphony so they have a good library.

*** Project Merit**

The Hurricane Valley Symphony is new and has been using the Hurricane High School's music for their symphonies until last year when they were able to get a few sets of music. They have been able to play and entertain with this music, however they need more. We are hoping to get a library of music so they have more to choose from and then can rotate them over the years.

* Beneficiaries

All of the Hurricane Valley and hopefully the Washington County area from children to adults will benefit from Symphony Music.

* Long Term Benefits

Music is an ongoing benefit to any person. Music is a wonderful way to relax and enjoy for all ages at all stages of life. The symphony is such a wonderful event that Hurricane finally has.

* Total Project Budget

2,331.88

* Total RAP Tax Requested

2,331.88

Other Funds for the project.

n/a

* Detailed Budget

We would like to purchase 34 pieces of music to have for a symphony library for a total $2,293.89 with shipping $37.99 for a total $2,331.88.

* Recognition

We will always put the recognition of RAP Tax funds on our Symphony programs, any flyers and posters.

* Projected Start Date

2020-07-01

* Projected End Date

2020-08-01

* Timeline

We would like to purchase the music for the symphony as soon as the funds are available. The Symphony would start using them immediately and then throughout the years.

Tumbl Trak - 60 ft section

The original Tumbl Trak is a training tool designed to allow for increased repetition of tumbling and gymnastic skills and to decrease stress on body parts. The TumblTrak has become a "must have" piece of equipment for gym clubs and cheerleading programs. Not only is it a great training tool, it can easily be named the main attraction of most gyms, thereby increasing enrollment and profitability. Bar and vaulting attachments are available. Options include Inclines that raise one end of the Tumbl Trak, creating a downhill tumbling station. Price includes frame, bed, springs, pads, spring tool and training video. All models ship via Motor Freight. https://gymnastics-equipment.com/t-21-tumbl-trak-10-foot-to-60-foot-options-240.html
